M'CREARY'S HOT STUFF

Expected to Discuss New and Sensational Issues Tomorrow.

VETERANS TO ESCORT.

Speakings Will Be at the Tabernacle at 1:30 P. M.

Senator James B. McCreary will arrive in the city tomorrow morning at 9:45 and will be met at the depot by a committee of Confederate Veterans, who will escort him on foot to Hotel Latham. There will be music but no carriages or parade. The speaking will be at the Tabernacle at 1:30 p. m. The Veterans will attend in a body and a delegation of the Daughters of the Confederacy will also attend.

Arrangements for the introduction of the Senator have not been announced. The McCreary Club headquarters this week are in charge of Prison Commissioner Geo. V. Green. Mr. Green is circulating a "Bombshell Edition" of Noel Gaines' Crusader, with some highly sensational matter in it. He says Senator McCreary will fire some hot shot tomorrow and from now on there will be no lack of interest in the campaign.

At 6:18 the same afternoon Senator McCreary will leave for Shelbyville. With favorable weather, the attendance will be large.

CURFEW LAW

Made Necessary by the Imperfect Juvenile Jurisdiction.

Since the new Juvenile Court law has interfered with the jurisdiction of the Police Court in the punishment of criminals under 17 years of age, the streets are in danger of becoming infested at night with bad boys, white and black, who in some instances defy police authority. This condition of affairs has caused the question of a curfew law to be raised to keep boys off the streets at night. This kind of a law could be enforced by holding parents and guardians responsible for the presence of juvenile offenders on the streets.

STILL ALIVE.

Lindsay Leavell's Wounds Serious But May Recover.

In our issue of Tuesday we stated that Lindsay Leavell, the negro who was shot by Mr. John T. Goode, had died and was buried Sunday. A gentleman who lives in Pembroke was our informant and was a man of undoubted veracity, but he was misinformed. We called up Dr. Paine, who has been attending the negro and he said he went to see the negro Tuesday and dressed his wounds. Dr. Paine also said that the negro might recover but chances in his favor were very small.

A Comfortable Deposit.

A statement of the Citizens Bank & Trust Company, of Tampa, Fla., of which Mr. W. W. Trice is Assistant Cashier, has been shown us, in which the bank has \$100,000 capital \$100,000 surplus and more than \$1,500,000 of cash deposits. The Assistant Cashier is a son of Mr. Jno. B. Trice and is a Hopkinsville boy whose lines have fallen in pleasant places.

Daughters to Meet.

The monthly meeting of the United Daughters of the Confederacy will be held at Hotel Latham Saturday afternoon at 3:30 o'clock.

VERDICT GIVEN AGAINST CITY

J. E. Mabry Secures Judgment for \$280 Alleged Damages.

WALL MADE UNSAFE.

Curb Line Too Low to Keep Water Out of Stable.

The damage suit of J. E. Mabry for \$1,000 against the city of Hopkinsville was tried by a jury Tuesday and a verdict given the plaintiff for \$280. The pavement in front of his stable, on the corner of Elm and West Seventh streets, has not been raised to conform to the raise in the grade of the street and during the recent hard rains water from the street ran over the pavement and into the stable, which is built on ground below the street level. The case will be appealed and the curb line will be elevated to conform to the new conditions. Testimony was given that a brick wall in the foundation of the stable has become unsafe and that will have to be condemned.

The commonwealth's docket was taken up in the Circuit Court yesterday and the remainder of the term will likely be consumed in the disposition of criminal cases.

The grand jury, which is still in session, returned another batch of a dozen or more indictments on Tuesday.

STANLEY'S OPPONENT

Cannot Get His Name on the Ballot.

The Republican convention at Dawson, controlled by the Revenue gang, nominated John S. Adair, of Hancock, for Congress, although Paul M. Moore was the only man eligible for the nomination. The limit for filing certificates has expired, but Mr. Moore had filed a petition and expected the convention to authorize him to use the party device. This has been denied him and as he will hardly run independent it leaves Stanley without opposition, as Adair's name cannot go on the ballot.

The move was doubtless made by Briondo Franks to keep the district leadership from passing to Moore.

Mr. Albert S. White has been appointed administrator of the estate of the late W. S. Goodwin. He qualified with W. A. P'Pool as surety.

STORE

NEWS

At Anderson's.

The opening is over and now we are settling down to work in earnest. The season is right on us and customers should attend to their wants at once to get choice of styles. Our Ready-to-Wear Department is receiving something new every day. Specials in this department can be furnished very promptly now, but a couple of weeks from now it will require twice as long. The \$5.00 fine All Wool Long Cloaks and the \$10.00 Fine All Wool Lymanville Storm Serge Suits we are showing will cost half as much more at any other store, and so they will at our store when our present stock is sold out.

Our Shoe... Department.

Was never so well equipped to supply the wants of all classes as it is to-day. Prices are some higher, but you may depend upon the quality being the same as heretofore. Any merchant who offers to sell the same shoes at old prices to-day has either been swindling his customers in the past by charging more than the shoes were worth, or is deceiving them as to the quality.

Winter Underwear

This is the month to buy Winter Underwear. Our stock is complete and has all sizes from infant's to the largest men and women. Some special bargains in men's extra sizes.

Evening Slippers

In all colors were received this week and if you will bring a sample of your gown we will match it perfectly.

Second Shipment

Knox Derby will arrive in a few days.

Second Shipment

Of those elegant Silk Brim Coats for Ladies are on the way.

We Make

Skirts to order within four days for \$3.00 and \$3.50 each. Absolute satisfaction guaranteed.

Shoe Repairing

Done promptly free of charge for our customers as far as workmanship is faulty.

Flavor of Eggs.

For Fancy Fowls.

In an editorial in your September number, on the "Quality of Eggs," you make some very sensible and practical suggestions as to the care of laying hens, showing conclusively that the quality of their food has much to do with determining the quality of the egg product. You also lay stress upon flavor as being the main element in determining the quality—the article quoted from the Farmers' Sentinel, of Wisconsin, to the contrary, notwithstanding. I fully agree with you in this and feel that all who enjoy eggs—poached, boiled or scrambled—and many eat them raw) can easily detect the flavor, unless it be destroyed with bacon or salt and pepper, and it is this delicate, indefinable flavor which appeals to the taste of every real lover of eggs.

Beside the food of the hen, which you emphasize, there are external influences that have much to do with the flavor of eggs, and it is to call attention to some of these that I write this.

An egg breathes, just as every other living thing, taking in and exhaling air as the surrounding temperature changes; so, in order to preserve their flavor, eggs should be kept at a uniform temperature, or as nearly so as possible, and far from strong, objectionable odors. I recall having, on one occasion, packed some fresh eggs in a large gourd, from which the seed had been taken, without removing the pulpy lining that adheres to all gourds. In a short while we began to use them and things brought to the table seemed to have a peculiar taste—the butterbread seemed to be a little off, the cake appeared to have been doctored, although the good woman insisted that she had used Price's best extracts; the lettuce, though the dressing was made with vinegar and mustard, seemed to have a gourd leaf or something other than lettuce mixed with it. We began to think that perhaps someone had designs on us and that there might be "death in the pot," but when some boiled eggs came on, that had come from that gourd, the odor and flavor were

identified and we discovered the con-

We had a similar experience with "moth balls" that had been placed in the nests to destroy insects, though we were not so long in locating the "rat in the barrel." One who has ever smelt a "moth ball" will readily recognize the odor.

In order, then, to have the best eggs, they should be kept clean and cool and removed from noxious odors, so that, like one's self, they may be free from contamination.

R. REDD.

THE PLAIN TRUTH.

What More Can Hopkinsville People Ask?

When well-known residents and former residents, highly-respected people, make such statements as the following, it must carry conviction to every reader:

W. H. West, stock raiser, city constable and collector, said: "I suffered for years with kidney and bladder troubles, and in consequence was subject to a great deal of pain. There was a heavy, dull ache in my back, extending over my right hip and extending down over the bladder. The pain became especially severe if I should stir around or remain long on my feet. The difficulty of the kidney secretions annoyed me at all times. When I went to irregular, and these passage were accompanied with a burning sensation. I heard so much about Doan's Kidney Pills that I got a box and gave them a trial. I found that they benefited me in every way, so much so that the next occasion I resorted to it my friends. I hope that it will be the means of relieving others who may be suffering from that common complaint, "kidney trouble."

For sale by all dealers. Price 50¢ Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

People Will Eat More Eggs.

Way to Make Hens Molt.

"Tis an ill wind that blows nobody any good." The storm of perplexity is that of forcing a hen to doff her old coat, and grow a new one before the time when she would do so naturally. Many hens shed their feathers so late in the season, naturally, that cold weather overtakes them before they get new suits, consequently they seldom begin laying before spring. If the molt can be hastened so that a new coat of feathers is grown and the laying can be started before cold weather, the prospect is good for a supply of eggs during fall and winter.

The result is usually accomplished by cutting off all meat and mash foods, putting the hens on short rations of grain for a week or so to stop the laying, then allow more liberty and feed a full ration high in protein. This loosens the old feathers, which drop off quickly, and starts a rapid growth of the new. A liberal allowance of beef scrap is essential, and linseed meal is an advantage. Sunflower seeds are also good during the molt.—Farming during fall and winter.

The result is usually accomplished by cutting off all meat and mash foods, putting the hens on short rations of grain for a week or so to stop the laying, then allow more liberty and feed a full ration high in protein. This loosens the old feathers, which drop off quickly, and starts a rapid growth of the new. A liberal allowance of beef scrap is essential, and linseed meal is an advantage. Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic purgatives, gripe, sicken, weaken the bowels and don't cure Doan's Regulets act gently and cure constipation. 25c. Ask your druggist.

How to Test Eggs.

A Nebraska woman describes a simple way of testing eggs to tell whether they are fresh: "When they are taken from the nest or purchased from the grocery, put them in a pan of water. If they are perfectly fresh they will sink to the bottom and lie still, directly on their sides. If they are not quite fresh they will tilt a little and rock about on the bottom of the pan. If very bad they will float. The best plan is to try one egg at a time.

Don't let the baby suffer from eczema, sores, or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All Druggists sell it.

Judge Frank Peake, of Shelbyville, has declared the county unit law to be unconstitutional.

NOTICE.

JOHN MITCHELL ILLUSTRATES.
President of the Miners' Union Tells a Good Story.

John Mitchell, president of the United Mine Workers, has been talking about the various methods used at the mines for weighing coal. Of one method, a method of the past, he said:

"This method was long ago abandoned on account of its unfairness. It was most unfair. The fist and pound method, in fact, was scarcely worse.

"The fist and pound method originated, they say, in Scranton. A simple minded old lady ran a grocery store there. A man came in one day and asked for a pound of bacon. The old lady cut off a generous chunk of bacon, and then, going to weigh it, found that she had mislaid her pound weight somewhere.

"The man, seeing that there was about two pounds in the chunk cut off, said, hastily:

"Never mind. My fist weighs a pound."

"And he put the bacon on one side of the scales and his fist on the other. The two, of course, just balanced.

"It looks kind o' large for a pound, don't it?" asked the old lady, as she wrapped the bacon up.

"It does look large," said the man, as he tucked the meat under his arm. "Still—"

"But just then the old lady found her pound weight.

"Ah," she said, in a relieved voice, "now we can prove this business. Put it on here again."

"But the man wisely refrained from putting the bacon on the scales to be tested. He put on his fist again instead. And his fist, you may be sure, just balanced the pound weight.

"The old lady was much pleased.

"Well done," she said; "and here's a couple o' red herrin' for yer skill and honesty."—N. Y. Sun.

HEARD MANY FAMILY SECRETS.

London society has been a good deal interested of late in the affairs of the Townshend family which have been bared in the course of certain legal proceedings in Lincoln's Inn Hall, which is a most appropriate place for such an inquiry. For

in its long existence—it was built just 300 years ago—its walls have

clad to the story of many family secrets. For about 100 years it was

used as the lord chancellor's court and here was heard about 50 years of the preliminary litigation in Jarndyce vs. Jarndyce, or, to give it its proper name, the Jennings case, which arose out of the disposition of the property of William Jennings, who died in 1798. That Dickens did not exaggerate is proved by the

fact that the case was not finally

settled until 1878, long after the

novelist's death, and a spasmodic attempt to revive it, happily nipped in the bud, was made in 1893 in an action against Earl Howe, the heir-in-law of old William Jennings.

Hickman man marries 16-year-old girl for wife.

CAUSES FOR DIVORCE.

In Japan a man can divorce his

wife on any one of seven grounds—

jealousy, stealing, infidelity, childlessness, disobedience, an incurable disease, leucosy.

OCT. 11, 1906.

Democratic Ticket.

FOR CONGRESS,

A. O. STANLEY,

OF HENDERSON.

The Weather.

For Kentucky—Fair and warmer
Thursday.

City Democrats who did not register cannot vote in the Democratic primary. This will be a surprise to some of them.

Republicans at Bowling Green have brought a suit before a Republican judge to stop the Democratic primary on the ground that it cannot be held on the same day as the general election.

Louisville will not cut so large a figure in the primary this year. Only 18,000 Democrats are registered and there cannot be any 15,000 majority returned. The candidate who gets 6,000 in Louisville will be fortunate.

The Hon. Leslie M. Shaw, Secretary of the Treasury, spoke at Leitchfield Tuesday afternoon and at Elizabethtown that night. Yesterday he was in Louisville and made two speeches, one at night in the interest of Owens for Congress.

The call for the Second Convention of the Southern Conference on Immigration and Quarantine has been issued by the chairman, Gov. Jno. I. Cox, to be held in Nashville, November 12 to 14, 1906. The conference is to be held under the auspices of the Nashville Board of Trade.

"Steeple Jack" Graham, while under the influence of liquor, ascended a steeple 250 feet high at South Bend, Ind., and told the painters at work at the top that he would cut the ropes supporting the scaffold. Realizing their danger, the painters lowered themselves to a small window, and hardly had cleared the scaffold when it fell to the ground, all of the ropes having been cut.

Henry Gottbrath, desiring to compliment the members of No. 12 engine company, Louisville, for having saved his house from destruction by fire, said he intended to name his newly born babe after the members of the company. Accordingly he had the child christened John Smith Paul Graham Matt Kelly Ralph D. Brown Edward Buckner George Boylan David McCorkhill Henry Gottbrath.

While working on a platform on top of a fourteen-story building in Chicago, John Michelson fell headlong towards the ground 200 feet below. After he had dropped fifteen or twenty feet one leg became entangled in a rope used for hoisting purposes, which broke the force of his fall. Grasping this he succeeded in stopping himself, and, climbing back hand over hand to the top of the building, picked up his trowel and resumed work. Two badly blistered hands was the only injury Michelson sustained.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased part of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is cured by an inland conduction of the mucous-membrane of the Eustachian Tube. This tube is inflamed and have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. In cases out of ten are caused by catarrh, which is something but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) which cannot be cured by Hall's Ear Cure. Send for circulars free.

F. J. CHENEY, & Co., Toledo, O.
Sold 75c. Take Hall's Family Pills for constipation.

Bad Blood

is responsible for most of the diseases and ailments of the human system. It seriously affects every organ and function, causes catarrh, dyspepsia, rheumatism, weak, tired, languid feelings and worse troubles. Take Hood's Sarsaparilla which purifies and enriches the blood as nothing else can.

For testimonials of remarkable cures send for Book on the Blood, No. 3. C. I. Hood Co., Lowell, Mass.

Sprightly in every sense of the word is the October number of the American Boy. Perhaps its most distinguishing feature is the opening of the illustrated serial "Plenty in Peace and War, or Chapter from the Lives of Plucky, Beany, Pewt and Others," by Judge Henry A. Shute, the author of "A Real Diary of a Real Boy" and other Plucky stories. The story is well illustrated by one who evidently understands boys. The number contains further chapters of "In Defense of His Flag," by Edward Statemeyer; "The Camp Fire of Mad Anthony," by Everett T. Tomlinson; and "The Young Book Agent," by Horatio Alger, Jr. In addition there are many other new stories.

NEXT AT PADUCAH.

Milton McLean Elected Grand Chancellor of the K. of P.

The Kentucky Grand Lodge, K. of P., which was in session for three days at Elks' Home, Louisville, last week, completed its business late Friday afternoon.

The principal business before the lodge on the last day was the election of officers for the ensuing year, and the selection of Paducah as the next meeting place.

The election of officers resulted as follows:

Grand Chancellor, Milton H. McLean, of Covington.

Grand Vice Chancellor, George D. Young, of Louisville.

Grand Prelate, O. H. Pollard, of Jackson.

Grand Marshal-at-Arms, Cornelius Saunders, of Franklin.

Grand Inner Guard, W. J. Hisson, of Newport.

Grand Outer Guard, J. Schobert, of Versailles.

Grand Keeper of Records and Seal, J. W. Carter, of Owensboro.

Grand Master of Exchequer, Jule Plummer, of Bellevue.

The following board of directors for the Widows' and Orphans' Home was elected:

Three-year terms, W. C. G. Dobbs, of Lexington, and Emmett Orr, of Owensboro.

Two-year terms, Lucien Davis, of Hopkinsville, and R. M. Hunter, of Nicholasville.

One-year term, McHenry Rhodes, of Owensboro.

The principal contest growing out of the election of grand officer guard, in the race for grand officer guard, candidates were J. Schobert, of Versailles, and C. Carter, of Latonia. Mr. Schobert was elected by a close vote.

Is the Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life

in some form possible on that sat-

ellite; but not for human beings,

who have no hard enough time

to live on earth, especially those

who don't know that the electric

current headache, biliousness, malig-

nity and fever, jaundice, dyspepsia,

dizziness, torpid liver, kidney com-

plaints, general debility and female

weakness. Unequalled as a general

tonic and appetizer for weak per-

sons and especially for the aged. It

induces sound sleep. Fully guaran-

teed by R. C. Hardwick. Price 50¢.

IN BAD SHAPE.

Unprecedented Wet Season

Unfavorable For Farmers.

It is generally conceded that the months of August and September of this year have never been equalled for rains. Rain fell in torrents part of the time and nearly every day showers fell. This was hard on the farmers in many ways, and it has been said that farmers were never so far behind in their work as at this time. But little ground was fallowed because it was too wet, the worms were eating the tobacco, grass and weeds were taking every field of corn, the hay crop has been ruined to a considerable extent, and nearly everybody is behind time cutting corn.

BARNES ITEMS.

Barnes, Oct. 7.

Owing to the continued rains, no

grass has been sown.

The farmers in this section are

about through cutting tobacco.

Corn that was cut two or three weeks ago is sprouting in the shock, owing to too much rain.

Esquire G. B. Powell's child had a severe attack of membranous croup this week, but will recover.

Mr. Oscar Barnes will return to Louisville, Monday, to enter a medical college. This will be his second year.

Mr. and Mrs. Joe Fruitt attended services at Ford's chapel last Sunday. They dined with the family of Mr. E. Barnes.

Bro. E. F. Hyde began a revival meeting at New Barren Spring Baptist church last week, but had to close Saturday on account of the rains.

Rev. James A. White, of Haley's Mill, visited Hopkinsville last Thursday. He was the guest of his old friend, Elbert M. Barnes, before returning home.

Bro. H. Powell is conducting a revival at the Pleasant Hill Baptist church. He is having large congregations, considering the rainy weather. Bro. Powell is a very able speaker.

Mrs. Mattie Robinson Berry, of Sedalia, Mo., has returned to her home, after a three weeks visit to her father's family, Mr. Gus Robinson, and other relatives in North Christian.

Mr. Vego Barnes has returned to Bowling Green to take a post-graduate course. He graduated last summer, at the age of 17, being the youngest graduate who ever received his diploma from the institution.

A party of young men went hunting on Kinney and Barnes Knobs, Thursday. They report game as being very scarce. They had a fox chase, however, which compensated for the scarcity. The party consisted of Marshall Long, Joe Fruitt, Tody Hord, Tom King, Walter Knight, Dave Knight and Ernest Marquess, Barnes.

Realized For the Lots Sold

In Dagg Property.

The sale of the property of the old Dagg planing mill, (taken in by the Forbes Manufacturing Company, several years ago) was held at public auction Tuesday afternoon and the property brought highly satisfactory price. There were five lots on Virga street sold as follows:

No. 6, 22x120, \$665 to M. L. Elb.

No. 7, 22x120, \$500 to Winfree & Knight.

No. 8, 22x120, \$450 to W. T. Tan-

dy.

No. 9, 22x120, \$500 to Winfree & Knight.

No. 10, 52x120, with house \$1750

to Winfree & Knight.

Two on Fourth street:

No. 5, 33x39, warehouse, \$700 to

Winfree & Knight.

No. 4, 33x39, \$375 to Winfree & Knight.

Three on Main street:

No. 1, 22x131, \$655 to A. Sargent.

No. 2, 22x131, shop, \$950 to J. H. Bell.

No. 3, 34x73, \$675 to T. W. Bla-

kev.

The total sales were \$7,220. The property was then offered as a whole but there was no bid and it went to the separate purchasers.

The lots were located on Main and Virginia streets between Fourth and Fifth. The terms were one-third cash and balance one and two years with six per cent interest unless the purchasers preferred to pay all cash.

STILL UNDECIDED.

Rev. M. A. Jenkins Has Not Yet Accepted Call.

Rev. Millard A. Jenkins, of Dublin, Ga., has not yet decided to accept the call to the pastorate of the Baptist church here. He asks that the church bear with him a little longer, as he is greatly perplexed, with both Hopkinsville and Baltimore urging him to come. The letter was written Monday night to Mr. J. H. Anderson and received yesterday.

New Southern Agent.

Mr. H. W. Tibbs, for many years agent of the Southern Express Company, has resigned to accept a position with Tapp-Leathers Company, of Louisville. Otto Vaughan, his assistant, will be promoted to the agency.

SUFFERED FOR YEARS WITH A COMPLICATION OF PELVIC DISEASES.

Robust Women Who Owe Their Restored Health and Usefulness to Pe-ru-na.

Read the Letters of Gratitude From Women Who Have Been Benefited By Dr. Hartman's Advice.

A Multitude of Such Letters Are Received Every Year.

A TYPICAL LETTER.

Mrs. Carry Peduzzi, Linstad, N. Dak., writes:

"I take pleasure in telling you that through your wonderful medicine I am entirely free from catarrh of the stomach and pelvic organs."

"I was so rundown on account of my illness that I could no longer work. I could not eat or sleep and had terrible pain in my back."

"I took Peruna and in five months I was well. I have not felt so well for a long time."

"I wish everyone who is sick would take Peruna and thus recover their health."

"I have Peruna in the house continually. I thank you for all that you have done for me."

A Medicine of Merit.

Miss Katie A. Washer, 1706 Prentiss street, Louisville, Ky., writes:

"As my experience has been so favorable with the use of Peruna that I believe it is a medicine of unquestioned merit for all the ills that we women suffer from."

"I find that it strengthens and gives me a new life into the system, and whenever I feel rundown or over-tired, a few doses of Peruna will strengthen me again."

For a Friend in Need—Pe-ru-na.

Mrs. Florence Atkins, 1194 Front St., Toledo, Ohio, writes:

"Peruna cured me of catarrh of the uterus. I took about four bottles when I noticed an improvement and five more."

"I do not know what I would have been like to-day had I not obtained Peruna, for I was in a terrible state."

"I had pains all over and was cross and irritable. I was losing hope of ever being well again."

"I am to-day a well woman after suffering for nine months. I cannot tell you how happy I feel, but you will know."

"Peruna is the best medicine on earth."

"How good it is to take it and I will always keep Peruna in my house."

"Peruna is the best friend I ever had. It cured me."

The majority of women are nervous because they suffer from some form of pelvic catarrh.

The greatest obstacle in the way of recovery is that they do not understand that catarrh is the main source of their illness.

Women who are in doubt as to their health should go to Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, who will give their letters prompt attention, without charge.

Miss Anna McGinn, 161 Plain street, Frankfort, E. I., writes:

"I wish to let you know of the good your medicine has done for me."

"I had what the doctors called heart trouble. I had been doctoring for year before I tried your Peruna."

"I got a bottle of your Peruna and after a week's use of it I began to feel better. I could not eat, sleep, or work, but I have at last found that the medicine that will cure me is Peruna."

IT IS FURNISHED With Commodious Steel Lined Fire-proof Vaults; Massive Fire and Burglar-proof Vault Doors; the Celebrated Mosler Screw Door, burglar-proof, safe; Ample Supply of Steel Safety Boxes with combination locks for use of customers, and employs the latest and most approved methods of keeping its accounts and records.

My Hair Ran Away

Don't have a falling out with your hair! It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

The best kind of a testimonial—*gold for over sixty years.*

FIRE DEPARTMENT

Had Long Run Yesterday But Threw No Water.

An alarm from North Virginia street was turned in yesterday morning at 6:30. By some means there was a mistake as to where the fire was and the department did not get to it as promptly as usual. The fire had started in the home of Mr. William Baker, next door to Judge A. H. Anderson, but was put out before it had gained any headway.

Meeting Begins To-Morrow.

Mrs. Pomeroy, of Nashville, Tenn., will commence a ten days' meeting at the Odd Fellows' building tomorrow evening, Oct. 12.

A negro murderer at Columbia, S. C., named Henry Small has been spirited away to escape a mob.

FIRST TOUCH

Of Winter Experienced Tuesday Afternoon.

Tuesday afternoon the mercury took a sudden plunge downward a little after 3 o'clock. A strong gale from the West preceded it. Monday, it was cold enough to force people into their winter clothing, but Tuesday at 4:30 the 45 degree mark was reached, which caused free use of winter wraps and overcoats.

The sunrise of the past few days and the high winds have begun to improve the condition of the country roads, where not piked, which have been unusually bad from the continued rains.

Read the Name Backward.

Many people have been kept guessing by the name of Hanford's leading woman, Dronnah. They have wondered if she was Russian, Prussian or Persian. However, the puzzle is cleared up when you read the name backward and find it spells Hanford. She is the wife of the star, and has been his leading woman for several seasons. She is an accomplished actress, with a winning personality.

The Texas Wonder.

BIG DAY.

A. S. of E. to Meet Here Monday.

MISSING—Store room on Sixth street. Apply to J. W. Buck.

A crop report from every farm every day. Monday, October 22, is the day set for the A. S. of E. meeting in this city and then your representatives will leave for the great national convention of stock and grain growers in East St. Louis, Ill. The up-to-date farmers understand that we have members in 2,700 counties out of 2,800 in the country suitable for agriculture and at 28,000 postoffices.

A crop report from every farm every day—this is exactly what it means—when the American Society of Equity is completed. Everything is working to this end with great rapidity.

HOW IT WILL BE DONE.

The Society of Equity is organizing every farmer into local unions. The country will be divided into six districts and each district will have a headquarters. All these unions and headquarters will be headed over by the national union of the A. S. of E. Most farmers have telephones now. The others will have them when the A. S. of E. reaches them, or they can report their crop by mail. First, the local union knows what its members have to sell; second, the county union knows every day how much of each farm crop is ready to market in the whole country and exactly where the supply is and on what railroad it can be shipped; third, the headquarters know every day how much each farm crop is ready for market in all the states and Canada.

The report of the demand and the distribution of the crop will be quite similar. Representatives in all the leading cities will report to the district headquarters the demand from their territory. As the farmers will control the supply, this report will be easily secured, because whoever wants supplies must seek out the farmers' representative. Then he will telephone out to the country unions and the country unions will telephone to the local unions or shipping station to ship just enough supplies and exactly to the spot where needed to feed eighty-five millions of people who are consumers of farm products.

Up, farmers! Up!! and attend our next meeting. If you don't take your own part, who is going to take it for you? Sure this is a grand work and it has now reached the point where the world recognizes its greatness and grandness. Opposition has almost ceased and no well informed person can longer express a doubt as to its practicability and its ultimate success. Will you honor us with your presence?

F. B. McCOWN, President.
C. C. A. S. of E.

The Royal Month and the Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during normal October is commonly great. We never think of scrofula—it's bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this one disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merits in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative—consumption.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of this city. "Two years ago I had severe hemorrhage of the lungs, and was near death, when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since. It cures hemoptysis, chronic cough, colds, colds and consumption, and is the only known cure for weak lungs. Every bottle guaranteed by R. C. Hardwick, druggist. 50c and \$1. Trial bottle free."

First Frost.

The weather prophet's forecast for frost Tuesday night was fulfilled. A light frost has been reported in different sections of the country, but as tobacco had about all been cut and housed, there was but little, if any, damage. The fair weather of the preceding few days had given the farmers a chance to make preparations for the first frost.

PERSONAL Gossip.

Misses Mandie and Ruth Terry are visiting relatives in Ashville.

Mr. F. M. Mullen has returned from a visit to relatives in Logan county.

Mrs. Jas. H. Ware and little son have returned to their home in Mid-dlesboro.

Messrs. E. B. Long and Gus T. Brannon are in Louisville, attending the State Bankers' convention.

Mrs. Atwood, of near Cadiz, is visiting her daughter, Mrs. Gentry Washington, on South Virginia street.

Messrs. M. H. McGrew and W. H. Lee are at Harrodsburg this week, as representatives from Green River Lodge No. 51 L. O. O. of this city, attending the State grand lodge meeting.

Rev. W. J. Hudspeth and wife, Rev. H. D. Smith, Mrs. J. R. Armisted and Prof. A. C. Kuykendall and wife left yesterday for Buffalo, N. Y., to attend the international convention of the Christian Church.

Mr. T. F. Callard has rented one of the Hewlett cottages on Fifteenth street and has gone to housekeeping. Mr. Callard's brother, from Canada, has recently located in the city and will board with him.

Devil's Island Torture

Is no worse than the terrible case of those that affected me 10 years. Then I used to apply Buckle's Arnica Salve, and less than a box permanently cured me, writes L. S. Napier, of Rugles, Ky. Heals all wounds, burns and sores like magic. 25¢ at Hardwick's, druggist.

Miss Fannie B. Rogers,

210 South Main Street.

Charles B. Hanford has made it an absolute rule to make each of his annual productions as much of an improvement on his predecessors as expenditure of money and energy could accomplish. When Mr. Hanford's tour closed in May last, his manager, Mr. F. Lawrence Walker, made the announcement that it had been the most successful season. Mr. Hanford had ever known. The prosperity this popular star has enjoyed of later years has been manifested not in expenditure for matters of personal luxury, but in his productions. He has made his performances his chief interest and the public which has been so loyal to him for many years has been able to regard the money paid in the box office during a Hanford engagement, as a great value. The production of "Julius Caesar" at Holland's Opera House on to-morrow night than he has ever before given. The play is one which commands the fullest resources of the modern theatre and the Hanford production is the result of lifelong study and experience. Mr. Hanford will appear as Marc Antony.

ROMAN RELICS IN SCOTLAND.

Some Interesting Discoveries Have Been Made at Melrose.

One of the most interesting contributions to "The Scottish Historical Review" deals with the excavations at the Roman fort at Newstead, Melrose, which are being carried out under the auspices of the Society of Antiquaries of Scotland. Owing to the nature and variety of the finds, and the care with which they are being recovered and preserved, the work may well be considered one of national importance. James Curle, of Melrose, a distinguished Border antiquary, who contributes notes on some recent finds, says the most striking result of the work lies in the collection of objects from the Roman period which have been brought to light.

"The finds, for the most part, have been made in clearing out what would appear to be disused wells or rubbish pits. These have been found outside the fort, as well as within the ramparts. In depth they vary from 12 to 30 feet, and all of them are more or less full of decomposed animal and vegetable matter, which has a marked preservative influence." Mr. Curle gives a detailed description of a finely preserved specimen of a bronze vase with a single handle. It stands 11 inches high, and, it is conjectured, dates from the first century. The vase is undecorated except for the handle, which is of fine workmanship. No fewer than 14 pins have been cleared out in a field known as the Fort Ends, lying to the south of the fort. In all of these two chariot wheels, three feet in diameter, were found, also a human skull, clef by the blow of some sharp weapon. From another pit came a most valuable collection of armor, including a Roman brass helmet, a photograph of which Mr. Curle reproduces. The helmet is in a wonderfully good state of preservation. Mr. Curle considers it the most perfect object of the kind. It covers the head and neck, and has a high, projecting peak in front. The whole of the crown is covered with an embossed design, and an inscription, presumably the owner's name, is punctuated on the rim.—Dundee Advertiser.

TEMPORARY RESPIRE.

"Sh-sh! My wife's asleep! I'd rather not wake her. When she's asleep she isn't spending any money!"—Journal Amusing.

MISNOMERS IN DAILY USE.

Philologist Points Out Peculiarities of the Language.

"A silver shoehorn is a misnomer," said a philologist. "So is a wooden milestone. So is a steel turnip."

"A shoehorn is a piece of horn, according to its name. How can it be made of wood—though they have the same, as nutmegs in Connecticut—not a pen, which strictly means a feather, be made of steel."

"Irish stew is a dish unknown in Ireland. Jerusalem artichokes were never heard of in Jerusalem. Prussian blue does not come from Prussia, but from the red prussiate of potash."

"Galvanized iron is not galvanized; it is zinc-coated. Catgut is not the gut of cats, but of sheep. Kid gloves do not come from kid skins, but from lamb skins."

"Sealing wax has no wax in it, nor is it a by-product of the seal. Wormwood bears no relation either to wood or worms. Rice paper is never made from rice. Salt is not a salt."

"Copper coins are bronze, not copper. India ink is unknown in India. Turkey comes from our own country, from Turkey never."

PERFECTLY SAFE.

Cholly—Mr. Jones, would you let me marry your daughter?

Mr. Jones—No, sir!

Cholly—Good! Then I guess I'll propose to her.

LEMON ROOT, CHICORY ROOT, BLUE COHOSH, GOLDEN SEAL root, and RHIZOME.

Dr. Pierce does not claim for his "Favorable Prescription" that it is a panacea. It is a specific for woman's peculiar ailments. So uniform are the results which it produces, however, that it may well be claimed that it can hardly fail to be a panacea. It is a powerful balsamizing tonic, imparting health and strength in particular to the female system. The local womanly health is so intimately related to the general health that when the former is well, the latter is well. Women are cured the whole body gains health and strength. For weak and languid women, it is a great restorer. For women who are over-worked, over-tired, or debilitated, especially for women who work in stores, offices, or in a laundry, or bear heavy household burdens, Dr. Pierce's Favorite Prescription proves a great restorer.

THE PROOF.

"I want to make a great improvement in my health, since taking Your Favorite Prescription," says Mrs. A. C. of New York. "When I began its use I was a physical wreck and had despaired of ever getting well again. I had been laid up all day. I noted a great improvement before long, and my health has been steadily improving ever since. I am now in excellent condition, and feel well and strong. I have had no trouble with sinus, even pain that a woman would feel to give birth to a child, and I have no trouble with periods and other symptoms of female disease. After taking Your Favorite Prescription, I have had no trouble with my eyes, and my eyesight is much improved."

Only one or two of these cases are reported. Pellets are coated. Pellets will keep longer than tablets up and set in healthy, vigorous action a few minutes after taking. Little pills little doses produce great results.

**The Young Physician.****WHAT HIS EXPERIENCE PROVED.**

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular rounds, and to be absent from home for weeks at a time. In those days a young man who had received a splendid medical training in one of the best medical schools of the country, learned to ride ten, twenty, thirty miles or more visiting the sick and afflicted. His wife and families called him for consultation to towns at considerable distances away. His services were much in demand among the common and distressing diseases of women. He had early discovered that the use of alcohol was a great remedy for the cure of many diseases.

He had a special fondness for the use of alcohol in the treatment of women.

COULDN'T LOSE HIM.

Mr. Grump—Now, barber, I only want to be shaved. I don't want my hair cut, dyed, singed or shampooed or my mustache waxed. I don't want a bath, hair invigorator, dandruff remover, or a facial massage.

Barber—Are you troubled with corns or ingrowing nails, sir?

HE REVERSED THE BIBLE.

Good Story Told of Prof. Riddle of the Revision Committee.

Prof. M. B. Riddle, of the Western Theological Seminary, Allegheny, Pa., has for many years spent his summers at Castine, Me. Prof. Riddle served at the time of the revision of the Bible on the American committee of revision, and his connection with that committee as well as his eminence as a theologian has made him a marked man among the summer colony at Castine.

One day some years ago Prof. Riddle was walking along the wharf at Castine, dressed in old boating clothes and an old white sweater, waiting for the wind to breeze up so that he could indulge in his favorite recreation—sailing. He was smoking a pipe, as is his custom. One of the wharf hands at that time was Joe Hackett, a man about as distinguished among the people of Castine for his lack of biblical lore as Prof. Riddle was for his familiarity with it.

While Prof. Riddle was thus loafing around the wharf a stranger went up to Joe and said: "Who is that old fellow over there smoking a pipe?" Joe looked up to him in a surprised, but rather a patronizing look, and said: "Why—why—why, don't you know that man? Why, that is the man that reversed the Bible!"

That was quite a number of years ago, but among his friends Prof. Riddle has not outgrown his reversing the Bible.

WITH A RESERVATION.

The Evidence Showed It But the Judge Didn't Believe It.

A certain judge is noted for the strict impartiality with which he arrives at decisions, even when his personal bias is strongly in the other way.

On one occasion, having heard a certain famous case, he found himself impelled to give a decision repugnant to his own inclination.

"Do you mean you think the defendant was not at heart a swindler?" demanded an intimate friend.

"Well," said Judge X—, solemnly, "I took that evidence abroad for a week-end with me and studied it. Then I brought it home and spent more time on it. Then I said in my decision:

"So far as the evidence shows, the defendant is an upright and honorable gentleman."

"So far as the evidence shows," he repeated slowly and with emphasis. Then he leaned forward in his chair, placed a hand on the other's knee, and exclaimed, with an air of vindication: "But, my friend, I didn't say I believed it!"

A REMARKABLE SPRING.

One of the most remarkable springs in the world, says J. A. Eddy, in the Engineering and Mining Journal, has just recently been discovered in New Mexico. It is literally a spring saturated with sodium sulphate. Distilled water weighs eight and one-third pounds per gallon; the water of this spring weighs ten and two-thirds pounds. The temperature of the spring is a little over 110 degrees Fahrenheit. As the saturated liquid overflows and cools, it forms a crystalline mass like ice, which in the course of ages has spread into a snow-white bed of solid sodium salts, miles in extent and as level as a lake. The warm brine is inhabited by a minute shrimp-like organism, and a species of plant is found growing in the dry expanse of sodium sulphate.

EXPENSIVE.

Pride is the most expensive thing a man can have—with the possible exception of a wife.

25 Per Cent. Off

Think of This!

For every One Dollar's worth of wall paper you purchase of us you only pay

NEW CITY DIRECTORY.

A Crying Need to Be Supplied.

The last directory of Hopkinsville was issued in 1899 and many of the directories, imperfect as they were and now out-of-date, are still in use. The time is ripe for a new, up-to-date and improved directory. We have arranged with Mr. Toles Thornton, a thoroughly experienced directory man, to get up a new edition of Hopkinsville's City Directory.

The last edition was by order of the council made the official directory of the city. The new book will show the great growth of the city and will contain the many new residence districts, and the three additions in territory will be incorporated. The book will not be distributed gratis this time, but will be sold by subscription for \$1.00.

Mr. Thornton will call upon business men in regard to contracts and information that he may be given at the office, and we hope to issue the directory by the first of the year.

TO ENTER COLLEGE

To End Grief Over the Loss of Their Child.

To assuage grief caused by the death of their only child, Sheriff Edwin L. Coates and his wife, of Boulder, Colo., have entered the University of Colorado, the wife to take a graduate course and the sheriff to study law. Each is 30 years old. Coates is a Democratic leader, and was postmaster from 1897 to 1901. The marriage of the couple took place shortly after the wife left school. They had one child, who died last spring, and, as their sorrow has been great, they have taken their doctor's advice to relieve it by concentrated study.

"Simple Simon Simple."

"Safety and sanity lie in systematic and useful efforts. Happiness and health are synonymous. Happy people do not get sick unless run over by automobiles or something like that. The whole scientific world now agrees that disease has its rise in morbid mentality." Pron't by the words of wisdom of this wise guy and do not miss seeing "Simple Simon Simple" when it appears at Holland's Opera House, Thursday, Oct. 18.

LOCAL LEAFLETS.

The undertakers are still complaining of dull times. Hard on them, but good for the people.

Afternoon services will be held at the First Presbyterian church next Sunday by the Episcopalians.

Help the directory man all you can by furnishing him with such information as he cannot secure elsewhere.

Every house in the city ought to be numbered. An ordinance providing for this was passed several years ago.

Butter is one of the scarcest of household necessities. Something unusual with a wet summer just behind us.

Bob West went fishing yesterday. He had 100 minnows he secured by wading into the river and seining for them. Bob's a natural born fisherman.

The right men are interested in the movement to build a \$40,000 house of amusement here, which has been talked of for three years, and it may be a go this time.

What about the unfinished Y. M. C. A. building? It looks to a man in the conning tower as if the ladies will have to take a hand in raising the money to complete it. If they attempt it they will succeed.

The coal dealer is ahead this week, with the stove man a close second. The ice man has had his day, until next spring, though we may expect a few warm days before winter sets in earnest.

That the people have confidence in the future of Hopkinsville was manifested at the sale of lots Tuesday by the Forbes Mfg. Co. Competent judges say that the prices were above their calculations.

A man has been sent to Kentucky from Washington to select building sites for half a dozen new Government buildings—but he won't come to Hopkinsville, sad to say. And it is principally our own fault.

Christmas turkeys are going to be scarce and high for the Thanksgiving feast. Not so much on account of the shortage in the crop, but because they are wanted in the larger cities.

There is talk of enlarging the Methodist church. The present auditorium is too small for a membership of 800. It is probable that the cottage in the rear of the church will be moved for the purpose.

TEACHERS' MEETING

To Be Held at Bluff Spring, Friday, October 19.

Teachers of the following schools must attend this meeting or teach an extra day, as provided by law: Nos. 3, 8, 18, 21, 30, 31, 33, 41, 44, 47, 51, 60, 66, 72.

10 a. m.

Opening exercises. Welcome, Mrs. Hattie Robinson; Response, Mr. H. H. West.

What Books Should Be in the District Library? Mrs. Nora Williamson.

What Use Can the Teacher Make of the District Library? Mr. Chester Fruitt.

What Are the Teacher's Duties on the Playground? Miss Ida May Jones.

What Can Be Done to Arouse the Interest of the People in the Common Schools? Mr. H. H. West and Miss Bobbie Terry.

Importance of Story Telling, Mrs. Hattie Robinson and Mrs. Minnie King.

Importance of the Daily Program, Miss Susie Goode.

12 m.—Noon recess.

1:30 p. m.

Give briefly the story of the "Little School Mistress," Miss Rosa King. Discuss "The Place of English in the Lower Grades," Carpenter Baker and Scott's English, pages 75-81, Mr. G. W. Lacy and Mr. James B. Jones.

Discuss Literature in the Elementary Schools," Carpenter, Baker and Scott's English, pages 156-187, Miss Merrietta Merritt.

Primary Reading, pages 104-116 in Runk's Method, Miss George Fruitt and Mr. F. W. Henderson.

Advanced Reading, page 116-128, Runk's Method, Mrs. Jimmie Jenkins.

W. E. GRAY,
County Superintendent.

Bob Jones, a negro, was shot to death at Vicksburg, Miss., Sunday, by John Scott, a farmer whose daughter he had assaulted.

Commercial and Savings Bank.

We help you by Paying 3 Per Cent on Saving Deposits. Get a Home Bank and Begin Now to Save.

WHAT though a butcher bill he owes,

Some two years overdue;
And is in debt for coal and clothes
And other items too?

What though his little girls must sew
Their daily food to earn?

He's a good fellow, don't you know
And always "buys" in turn.

What though his wife is worn and bent,
Ill-clad, abjectly dumb?

What though he takes her every cent

And puts it all in rum?
Should we refuse his hand, mayhap
And his acquaintance spurn?

Oh, no, for he's a whole-souled chap
And always "buys" in turn.
